

Program Details

AmeriCorps: UCA BearServe volunteers join us to help in the community garden.

JASC Mentorship: We are working with the Jameson Alexander Success Center at the Mayflower Public Library to educate and empower youth through access to gardening knowledge. Students will learn to plant, grow, and care for plants and take home their own mini-greenhouse at the end of the program.

Watercolor In The Garden: Christina Blum from the Conway League of Artists hosts this all-ages, all skill levels painting group in the community garden. Supplies provided: watercolor kit with brush, 4"x4" watercolor paper book, sketch paper, and pencil. Children must be accompanied by an adult.

** Weather dependent. Some activities may be moved indoors. **

Conway Art Walk: Visit us at the Conway Art Walk! We will have a different themed art activity each month.

Story Time: Bring your little ones to the library for Guest Story Time with Shawn the Garden Guy.

Master Gardeners (Raised Bed Gardening): Learn the basics of raised bed gardening.

Raised Bed Gardening (Twin Groves): We will discuss the basics of raised bed gardening at the new Twin Groves community garden greenhouse (next to the public library)

Group Gardening: Join us in the garden as we get our plots ready and plant spring starts. It's also a great time to get your volunteer hours in by helping us keep the garden beautiful.

Earth Day: Join us at the Vilonia Public Library. We will be transplanting flowers into containers you can take home. Each person gets a flower!

Bonfire & S'mores: Join us in the garden for a bonfire and s'mores. A fun time to enjoy the garden and socialize with your fellow library patrons.

** Weather dependent **

**** Children MUST be accompanied by an adult for all programs ****

Did you know we have a community seed bank? We are home to Arkansas' oldest seed library! Patrons may take seeds home for their personal gardens (or use them in the community garden). Ask the front desk how it works.

Want to volunteer? Ask about helping pack seeds to help maintain our seed library and seed cart.
